

A global champion of women's health, Hologic is an innovative medical technology company primarily focused on improving women's health and well-being through early detection and treatment. Hologic enables healthier lives everywhere, every day through The Science of Sure: Clinical superiority that delivers life-changing diagnostic, detection, surgical and medical aesthetic products rooted in science and driven by technology.

With groundbreaking technology at the core, our innovations are designed to help caregivers achieve exceptional clinical results, making it possible to identify symptoms early, diagnose disease with greater certainty, and treat patients with compassion.

By committing firmly to early and accurate results, we're addressing not only patients' need for certainty, but importantly, their comfort and dignity. Because when their health is in question, nothing is more important than being sure.
