

AWARE RECOVERY CARE | In-Home Addiction Treatment

Aware Recovery Care provides a long-term solution for those suffering from substance use disorder – in the comfort, privacy, and security of their own home.

AWARE AT A GLANCE

Aware Recovery Care is a mission-driven company challenging traditional approaches to the treatment of Substance Use Disorder (SUD). A pioneer in In-Home Addiction Treatment (IHAT™), Aware delivers evidence-based, personalized service. Led by a multidisciplinary team of professionals and paraprofessionals, the unique 52-week program is designed for impact, reaching clients and their families in their own homes and communities. Aware's high touch model improves the lives of people affected by addiction, and creates irrefutable value for managed care plans and employers. Our outcomes clearly demonstrate that sustained recovery is achieved through deeper trust and genuine partnership.

WHY WE ARE DIFFERENT

- Medically integrated addiction treatment delivered in the home
